Tank T-34

The monument is a big, green T-34 tank. That has ~~bone~~ ~~of~~ bonfire next to and a memorial. It remembers us how much technologies were important in World War II. Tank T-34 is the most popular Russian tank. Without it we couldn't win.

This monument is located in a lot of ~~cities~~ cities, but now I am speaking about our Surgut's. Most of the citizens go to this monument and remember how difficult was that time on 9 May.

I like this monument. I recommend it to all people, not only for foreign tourists, because it is very important to remember history. The World War II was the biggest experience in all countries. It took 4 years. It was very difficult time and now we can have calm life, because thanks to our grandparents.
